★ The Background

The 2nd International Research Workshop on Spiritual and Ethical Foundations of Organizational Development is based on the success and positive response of corporate and academicians during the International Research Workshop on Spiritual and Ethical Foundations of Organizational Development held at Pondicherry from February 5-7, 2009.

The proposed workshop once again aims to bring together the research scholars from USA, Europe and Asia to systematically explore and map the integration of spirituality in organizational structure and processes for creating a morally healthy and sustainable organization.

★ The Focus

In this global economy when companies have become so competitive leading to pressure and insecurity amongst the workforce the clarion call is to merge the spiritual discipline with business discipline in order to create harmony and sustain excellence. The focus of the workshop is to engage the research scholars into intensive academic discussions pertaining to different dimensions of spiritual foundations of likely to unfold new dimensions and perspectives in the world of research organizational development.

★ The Thematic Sessions

The workshop will focus on following sub-themes:

- ★ Monasticism, Spirituality And Organizational Leadership
- ★ Sustainable Development and Organizational Growth Through Spiritual Leadership
